

I hope this letter finds you in the best of health and spirits. It is with great pride and enthusiasm that I write to share some exciting news. Southern Science Supply has always been dedicated to offering cutting-edge scientific equipment and supplies to research institutions, educational facilities, and laboratories across the United States. Our unwavering commitment to quality and innovation has allowed us to earn the trust of our customers over the years. We believe that working with a renowned industry leader like Clay Baker at ProScopeUSA is a natural progression of our mission to excel in the field of scientific instrumentation.

Southern Science Supply is making a strategic decision to streamline its product offerings and focus exclusively on The LiveSlide products. Additionally, we have partnered with ProScopeUSA to support all our customers with their microscope needs.

This kind of business decision can have several potential benefits, such as increased efficiency in operations, better customer service, and a more focused product line. The LiveSlide products and microscopes complement each other well, providing a more comprehensive solution for customers in the field of microscopy.

We would like to express our deepest gratitude for your support and partnership over the years. We are eager to embark on this exciting journey together and look forward to a bright future.

If you have any specific questions or need more information about The LiveSlide or ProScopeUSA, please feel free to ask.
